

Jensen Tools HVAC Tool Kit in Open Mouth Bag

Part Number:: **JTK-1005C**

Designed for HVAC technicians by HVAC technicians

Comprehensive selection of tools

Open mouth tool bag offers ample space inside and out

The JTK-1005C Tool Kit is designed with a heavy duty, open mouth tool bag that measures 19" x 9-1/4" x 12-3/4". With a shoulder strap and several pouches on both the interior and exterior, this kit is ideal for the HVAC technician desiring a bag rather than hard case.

The JTK-1005C Tools in boldface italic are backed by Jensen's Lifetime Guarantee:
